

Why Picking
your venue
is more important
than
*anything
else!*

Tip Sheet!

Believe it or not, but your venue determines your date.

Your venue- Inside or outside? Think of your guests. Hot weather is hard on their expensive attire.

Your venue's characteristics impact the dress, season, & vendors available.

The venue's bathroom can make or break the classic feel of elegance.

BEFORE You do a lot of research on a photographer, videographer, etc, make sure your venue allows you to bring **IN** your own vendors!
